| *Tested OpenADR 2.0b Profile Spec version* | 1.1.6 |

The manufacturer herewith declares that the above product has been assessed and found compliant to the OpenADR 2.0b test program per the selections below. The tests have been performed at the OpenADR Alliance endorsed test facility. The tested specimen or software instance is identical to the marketed product (excluding test modes if used for the certification testing). The manufacturer will notify the OpenADR Alliance in the event that the product is being modified. Retesting might apply.
