To whom it may concern,

This letter is to confirm that the Universal Devices ISYEM/3 uses the same OpenADR 2.0b software stack as our previously certified product model Number 994 Z Series. The firmware version OADR2B_21 used in this certification remains the same.

As such we respectfully request that the Alliance certify the ISYEM/3 under the same test and PICS as tested on September 10, 2014.

Sincerely,

Mike Ippolito
Chief Product Officer
